ICONIC WINE BY CORAVIN

Our finest, rarest selection of wines, extremely limited in production, are served with the Coravin 2000 © Wine System, which allows to pour and preserve wine without removing the cork, by piercing it with a very fine needle. The wine is released through a trigger without any air entering the bottle, and the cork naturally reforms an airtight seal after removal. This technology ensures that the wine is preserved securely as though never opened.

Champagne is as fine in quality as it is famous. It never ceases to fascinate and allure us with its balanced texture of beautiful acidity, delicate bubbles, and long lingering finish, combined with its complex flavors of citrus, toast, and brioche. What's more, champagne has all the qualities needed to make it the perfect accompaniment to seafood. So why don't you savour a bottle of champagne as you taste the delights of our menu from carpaccio to sushi?
